**NOTE:** If your race number was not recorded at one of the timing checkpoints, your transition time is estimated at 00:02:00. This also causes your bike, swim, or run time to be an estimation. When this occurs, a question mark (?) follows the estimated times.

adj: Swim times were adjusted (prorated) due to an early exit signal at the end of lap 9 for swimmers in heat 1, lane 2.

**NOTE:** If your race number was not recorded at one of the timing checkpoints, your transition time is estimated at 00:02:00. This also causes your bike, swim, or run time to be an estimation. When this occurs, a question mark (?) follows the estimated times.

adj: Swim times were adjusted (prorated) due to an early exit signal at the end of lap 9 for swimmers in heat 1, lane 2.

**NOTE:** If your race number was not recorded at one of the timing checkpoints, your transition time is estimated at 00:02:00. This also causes your bike, swim, or run time to be an estimation. When this occurs, a question mark (?)

follows the estimated times.

adj: Swim times were adjusted (prorated) due to an early exit signal at the end of lap 9 for swimmers in heat 1, lane 2.
